FULLSTACK DEVELOPER

Full-stack developer with **2 years of experience** building scalable web applications using **React**, **TypeScript**, **Node.js, Express**, and **NestJS**, along with strong proficiency in **SQL** databases, RESTful APIs, and responsive user interface development. Skilled in designing and implementing end-to-end features, integrating backend services with modern frontend architectures, and writing clean, maintainable, and performance-focused code.

Continuously expanding expertise in **system design**, cloud technologies, and **DevOps practices**, with a strong commitment to delivering reliable, user-centered software solutions in collaborative development environments.

TECHNICAL SKILLS

Frontend: React, Next.js, TypeScript, JavaScript (ES6+)
Backend: Node.js, Express.js, REST APIs, Authentication & Authorization (JWT, OAuth)
State Management: Redux Toolkit, Context API, Jotai, React Query
Styling: Tailwind CSS, Ant Design, Shadcn/UI
Testing: Jest, Cypress
Database: PostgreSQL, Supabase, Prisma ORM, Database Design, SQL Optimization
Core Concepts: Component Architecture, Performance Optimization, MVC, Git,
Tools & DevOps: Git, GitHub, Docker (basic)

PROFESSIONAL EXPERIENCE

TBC x Academy

React Frontend Developer   Sep 2024 – Feb 2025

- Developed scalable and maintainable web applications using React, Next.js, and TypeScript
- Implemented efficient state management solutions (Redux Toolkit, Context API, Jotai)
- Integrated REST APIs and optimized client-server communication
- Improved application performance through code splitting, lazy loading, and memoization

Leverx

Node.js Intern   Sep 2025 – Nov 2025

- Built and maintained RESTful APIs using Node.js and Express and Nest
- Implemented backend logic with TypeScript
- Designed and optimized database schemas using PostgreSQL
- Applied MVC architecture and modular project structure

PROJECTS

Product Store - Product Store app built with React, Express, Postgre, Arcjet **- Repository**

The Wild Oasis - FullStack cabin reservation platform using Next.js, Auth.js and supabase **- Repository**

Movie App - User Friendly Movie App Built with React And other libraries **- Repository**

Travel Agency - modern travel agency app built with React and Supabase **- Repository**

Blog App Admin - Panel for Manage Users and BlogsBlog App Admin **- Repository**

Blog App - modern, user-friendly blog platform built using React for the frontend and Supabase **Repository**

EDUCATION & CERTIFICATIONS

Bachelor of Information Technology – BTU (2022–2026)
Advanced React Accelerator – TBC x Academy (2024)
Advanced Node.js Programming – LeverX (2025)
CS50: Intoduction to databases with SQL – Harvard (2025)

LANGUAGES

English: B2 Upper Intermidiate
Georgian: Native
